| Up to 30 years of age Total | Up to 30 years of age Women | Long-term unemployed Total | Long-term unemployed Women | Over 50 years of age Total | Over 50 years of age Women | Disabled Total | Disabled Women |
|-----------------------------|-----------------------------|----------------------------|----------------------------|----------------------------|----------------------------|----------------|----------------|
| 17 716                      | 9 784                       | 30 133                     | 16 078                     | 20 812                     | 7 971                      | 5 732          | 2 573          |

As of 31<sup>st</sup> December 2025, the unemployment rate in Silesia was 4.4% (country 5.7%). Our voivodship is on the third place on the list of voivodships with the lowest indicator value, just after Mazowieckie (4.3%) and Wielkopolskie (3.5%).

## The unemployed people registered in local labor offices and the unemployment rate (as of the end of month)

<sup>1</sup> In accordance with the Act of 1 June 2025 on Labour Market and Employment Services Law, registration of unemployed person takes place at the district labour office with jurisdiction over the place of residence, rather than the place of registration, as before. This means that a person registered in one place, but living in another, can register at the labour office corresponding to his current place of residence. Due to the change in the law, current statistics on the situation of the unemployed may not be comparable with those of previous month.

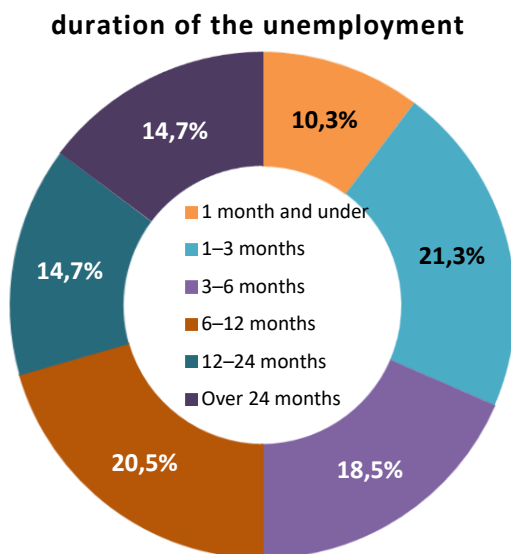

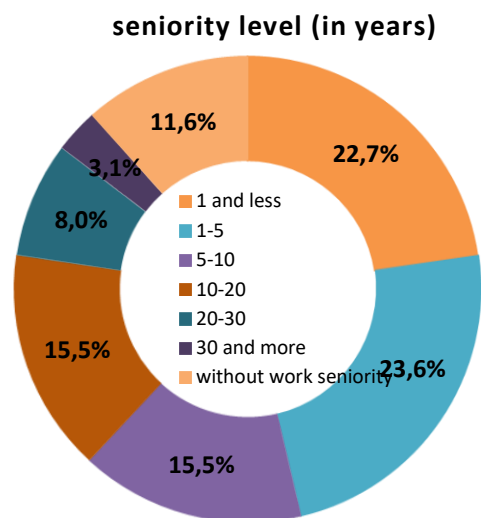

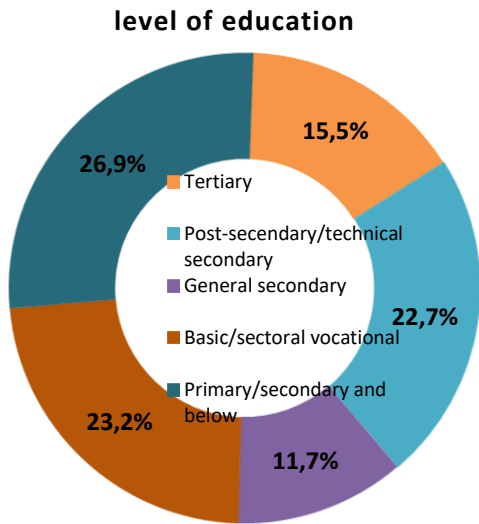

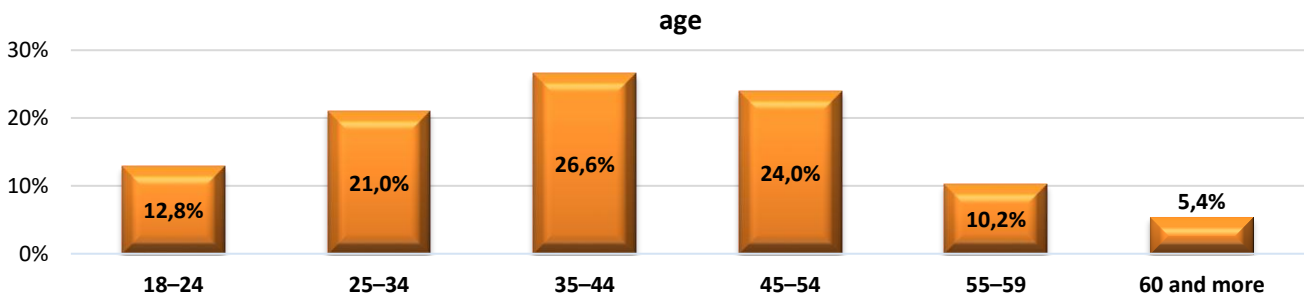

At the end of December 2025, unemployed mostly use the following active forms of counteracting the unemployment: intervention works, internship and public works.

In December 2025 in the registers of powiat labor offices of the Silesian Voivodeship there were 2 759 jobseekers. Men predominated among the jobseekers (1 533 people – 55.6%).

At the end of December 2025 there were 3 743 job vacancies and places for professional activation at the disposal for the unemployed and job seekers.

At the end of the reporting quarter, the number of people at risk of collective redundancies in the entire voivodeship amounted to 5 107 people.
